

Funday out the Front – Household guidance

Getting started:

Register your participation in the Funday; this will enable us to provide any support and information you might need before and on the day of the Funday. Nominate someone for Whitley Heroes. You can do both these things on www.syc.life/srcfd

Things to Prepare and Get Ready for the day:

Invite others - Let your neighbours know that you are planning to take part in the Funday and see if they would like to as well. If so, connect them with your Street Host, if you don't yet have one, contact the Funday team on 0118 931 4747.

Funday Program - Your Street Host will have an idea of the program for the 3 hours and will let you know. By tuning into RG2Radio you will know exactly what's going on in the Funday across the community.

RG2Radio - Do you have internet access in your household? If so: Go to www.RG2radio.com and set up your device with speakers that you can hear in your garden. If not: let your street host know and they will try and make sure you can hear the radio from your garden. If you don't know who your street host is, contact the Funday team on 0118 931 4747.

Games - Your Street Host will have some games and activities to run with other households on your street whilst maintaining social distancing. These will help keep everyone connected and having fun together!

Food - each household is responsible for providing their own food. Generosity and hospitality are really important though, and if folk want to share this can be done, but Covid19 food hygiene protocols must be followed to keep everyone safe and healthy.

Personal & Food Hygiene tips:

1. Use a food-safe disinfectant to clean kitchen surfaces. In case you do not have a disinfectant, you can use hot, soapy water as well.
2. Wear clothing that is suitable, clean, protective.
3. Wash your hands with soap and water for at least 20 seconds:
 - before preparing food
 - after touching raw food
 - after handling food waste or emptying a bin
 - after cleaning
 - after touching your face, phones, light switches, door handles.
4. Wash raw fruit, leafy salads, and vegetables to remove any contamination.
5. Use disposable cutlery if you wish to share food items with other households.

Safeguarding - please make sure that everyone in your household stays within the bounds of your property. Children and young people are the responsibility of their parents/guardians for the duration of the Funday.

First Aid / Health & Safety - Since this is a stay at home Funday, everyone is responsible for their own health & safety. consider having a bottle of sunscreen for your own household.

Noise - The Funday will run from midday to 3pm, of course you can carry on after this, but try not to run too late or allow it to get too noisy. Remember one of the aims is to build connection and celebrate good will between us all especially your neighbours around you!

Photographs and Video - SYC will have an official photographer and videographer for the Funday, they will be visiting the different streets between 12.00 noon – 3.00 PMs They will ask specific permission for any closeup photos and footage. Your street host might approach you about getting photographs just from your street - you are free to give or withhold permission!

On the Day itself:

Set up and decorate your garden/porch whatever space you are using, for the Funday.

Tune into RG2Radio.com or make sure you can hear it.

Bring out your picnic, and participate and enjoy the day with your family and neighbours!

Help with cleaning your street as directed by your Street Host.

After the Funday:

Stay connected to your Street Host and other neighbours.
